Firmly rooted by the Danish seaside just north of Copenhagen with the ocean roaring on one side and the forest standing tall on the other side, Oliver Furniture is a company with nature at its very core. "We live here, because nature is in our DNA," says founder and cabinetmaker, Søren Rørbæk. We design all our pieces with durability, longevity and sustainability in mind and our children's furniture is made to follow the seasons of your children's lives. From infant in the crib to toddler and the independent seven-year-old. Oliver Furniture designs are made to grow with your family.

CAMP

A BED, DREAMS ARE MADE OF

With equal parts adventure and a fascination with Japanese craftsmanship and aesthetics, the founder of Oliver Furniture - designer and cabinetmaker Søren Rørbæk, has created a collection of furniture for little hearts with big dreams. Come aboard the Camp Collection, embracing knights from Timbuktu, magnificent princes, and princesses, and adventurers of forgotten worlds.

Central to the Camp Collection is the Camp canopy bed, which in its basic form is a day bed with what resembles a classic frame for a canopy, inviting all kinds of expressions, scenarios, and universes to unfold. The bed with the frame, beautifully crafted in oak with hidden screws and practical drawers underneath, can stand alone, but the construction truly shines with the canopies created for the bed. The bed with a canopy creates both a safe haven for the night and a platform for daydreaming and playing during the day.

CAMP COLLECTION 061201 Canopy bed, 061703 Bed canopy Kyoto, 061603 Clothes rail, 061602 Junior desk adjustable, 061621 Junior chair, 061601 Toddler play table, 061631 Toddler stool, 061653 Bed table high oak

The Camp bed canopy Sahara is created from a semi-transparent cotton fabric that allows light to filter in controlled amounts. Here we are near Morocco's golden Atlas Mountains. Princes and princesses with hearts of gold and eyes like diamonds fly away on oriental carpets woven with threads that dreams are made of. A lone moth in the flicker of the oil lamp casts shadows on the tent fabric, which rises in a lofty tent construction held in place by a hook in the ceiling.

041353 Wardrobe 3 doors white /oak

The Camp bed canopy Wild in thick, undyed canvas is perfect for the globetrotter exploring the Nordic wilderness or camping by a quiet lake surrounded by tall spruces and mountains, where the northern lights dance across the starry night sky. The fire roars in the dark night, and the backpack is packed with a canteen and leather-wrapped lunches, as one never knows what the journey may bring. Being a member of the Adventurers' Club is not for children, but with small hidden gems, of course, equipped with binoculars, a compass and a map of the area, you can easily manage without mobile coverage and GPS. When closed, the heavy canvas creates the feeling of a tent where one can travel the world in a single night with a flashlight, stuffed animals, and tall tales.

We are committed to creating products that last for generations, producing aesthetically sustainable furniture with a long lifespan. When the sailors and adventurers have outgrown the Camp canopy bed, for example, it can easily be converted into a simple sofa bed with a low frame on the sides and back made of beautifully shaped oak dowels. Additionally, a bed snake in undyed, thick canvas, winding along the entire edge of the bed, can be purchased to create a soft, stylish, and embracing sofa environment.

→ 061203 Day bed, 061653 Bed table high oak

↑ 061603 Clothes rail

We hope our furniture will encourage your children to create their imaginary worlds in blanketed forts, whisper tales of bedtime stories and read under the covers, lights off, flashlight on. For that reason, we deliberately design Oliver Furniture in simple, clean lines because we want them to blend seamlessly into your family life, your home, and the marvellous time of childhood. A time that often seems to fly by too fast and where it is nice to keep a few things the same. With cleverly constructed craftsmanship and a sustainable lifespan, Oliver Furniture designs are made to stand the test of time, stay familiar and safe, following your child and family as you grow.

WOOD

DESIGNED FOR GENERATIONS

The Oliver Furniture Wood Collection is contemporary and simple, as is our aesthetic. Our philosophy is characterised by clean lines and round shapes, lovely details, and a clear purpose. Our pieces are designed to grow with your child and family for generations.

→ 041583 Mini+ junior bed oak

↑ 041624 Baby gym, 041334/041336 Shelving unit w. base, 041328/041332 boxes
→ 041617 Baby & toddler rocker oak/rose, 041425 Mini+ cot bed incl. junior kit white/oak

The Wood baby rocker satisfies the baby's need for movement - like in the womb - and accommodates the parent's need for a few minutes, 'hands-free'. The easy motion, powered by the baby's movement and rhythm, has a calming and stimulating effect, making the baby rocker suitable as a base for entertainment and relaxation. When the sweet baby time is over, the baby cushion can be removed, and the baby rocker can transform into a beautiful toddler rocker for many years to come.

The Wood co-sleeper bears the need to be close and snug in the first months. The design accommodates the necessary sleep for both child and parents: by lowering the front side of the bed, it can be coupled to the parents' bed. The Wood co-sleeper creates a safe base for the baby, with both sides up and functions as a cradle. With rubberised wheels, it can be wheeled from room to room. When the baby needs its own bed after the first 6-9 months, the Wood co-sleeper easily transforms into a fine little bench with its included attachment legs and open front piece.

↑ 041487 Co-sleeper incl. bench conversion, 041488 Holder for co-sleeper bed canopy & mobile oak, 041489 Co-sleeper bed canopy
→ 041314 Nursery dresser 4 drawers white/oak, 041322/041324 Shelving unit w. support

WOOD MINI+ BED SERIES 041582 Mini+ cot bed incl. junior kit oak, 041491 Holder for Mini+ bed canopy & mobile oak, 041492 Mini+ bed canopy, 041584 Mini+ low loft bed oak, 041583 Mini+ junior bed oak, 041585 Mini+ low bunk bed oak

The Wood Mini+ is a curated selection of convertible beds that are perfect for children and growing families. The Mini+ bed range is designed to follow your child's sleep needs from baby to 9 years. The Mini+ bed range is available in three versions: oak, white and white/oak.

↑ 041426 Mini+ cot bed incl. junior kit white
→ 041365 Nursery dresser 6 drawers white/oak

← 041582 Mini+ cot bed incl. junior kit oak, 041491 Holder for Mini+ bed canopy & mobile oak,
041365 Nursery dresser 6 drawers white/oak
↑ 041368 Dresser 3 drawers oak

As the family grows and one child becomes two, the Mini+ cot bed incl. junior kit can be supplemented with a Mini+ sibling kit. With the sibling kit, the initial bed can be converted into two individual beds, so you have a cot and a junior bed at the same time. With this, the baby's first bed becomes a long-term investment in the bedroom environment that grows with both the child and family, ensuring flexibility in nursery design.

← 041585 Mini+ low bunk bed oak

↑ 041582 Mini+ cot bed incl. junior kit oak, 041791 Mini+ sibling kit (additional parts to Mini+ cot bed incl. junior kit), 041491 Holder for Mini+ bed canopy & mobile oak, 041492 Mini+ bed canopy

WHEN EMILIE HAD A LITTLESISTER

GROWING WITH THE SIBLING KIT

When Mette and Rasmus were expecting little Emilie, they bought a Mini+ cot bed incl. junior kit. They didn't quite know what this "incl. junior kit" meant, but as Emilie grew, it suddenly made perfect sense that the bed could grow with Emilie.

The cot bed became a junior bed, and it turned out that Emilie was soon to be a big sister. So Mette and Rasmus had to invest in another bed - or so they thought. But they quickly realised they could make two beds out of Emilie's initial bed thanks to the Mini+ sibling kit. Emilie got her junior bed, and her little sister Emma got a cot bed made from all the parts they already had, combined with the sibling kit. This way, they didn't have to buy a new bed, just a sibling kit and a mattress.

↑ 041425 Mini+ cot bed incl. junior kit white /oak

↑ 041465 Mini+ junior bed white/oak

”We were drawn to the opportunity to expand and change our home as our family evolves through life. The Oliver Furniture bed, so cleverly designed, has followed our daughters from infancy and has adapted and grown with them - a constant companion through the different chapters of their lives.”

- METTE KLÜWER-BRØNDGAARD

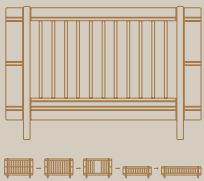

↑ 041610 PingPong table, 041611 PingPong chair

↑ 041425 Mini+ cot bed incl. junior kit white/oak

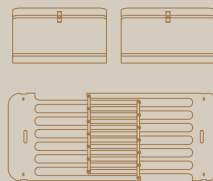

STEP 1

MINI+ COT BED INCL. JUNIOR KIT

The bed grows with the child and can be set in five different bed versions from a cot (68 × 122 cm) to a junior bed (68 × 162 cm).

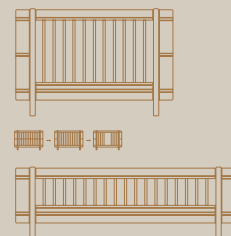

STEP 2 CONVERSION

MINI+ SIBLING KIT

The sibling kit includes two end parts and a bed base, so the Mini+ cot bed incl. junior kit can be converted into two individual beds.

STEP 3

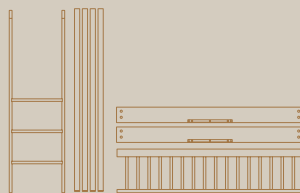

MINI+ COT BED & MINI+ JUNIOR BED

The initial bed has become two individual beds, a Mini+ cot bed (68 × 122 cm) and a Mini+ junior bed (68 × 162 cm).

← 041465 Mini+ junior bed white/oak
 ↑ 041632 Toddler rocker oak/caramel

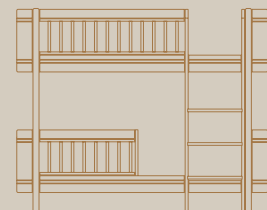

STEP 4 CONVERSION

MINI+ COT BED & MINI+ JUNIOR BED TO MINI+ LOW BUNK BED

The conversion kit includes a ladder, long legs and bed sides to convert the beds into a low bunk bed.

STEP 5

MINI+ LOW BUNK BED

Mini+ low bunk bed suits siblings who have grown out of the cot bed but sleep best with a nightlight and a brother or sister close by.

↑ Founder and designer Søren Rørbæk and his sketchbook.

At Oliver Furniture, every design is crafted in-house. Founder Søren Rørbæk is the creative force behind all pieces across our collections.

«I design furniture that meets real needs that arise in our homes, among family and friends and in our team. It's about creating functional pieces of furniture that are meaningful, valuable and of high quality. This respect for the product and thoughtful design ensure our furniture lasts a lifetime.»

The Wood Original series is modern and beautiful, with a soft, warm look from the 50s. It brings back precious memories of old trams. Wood Original beds are unique, with slats and rounded corners. All Wood Original beds can be transformed into another Wood Original bed by purchasing a conversion kit.

We are driven by a strong belief in a transparent and sustainable supply chain. Our products are made at modern European furniture factories operating under fair and sustainable conditions. Our furniture is made with wood sourced from certified forests and other controlled sources.

Our dialogue with business partners is based on honesty and loyalty and is undertaken personally with a common professional understanding of furniture making. Finished products are treated with only non-toxic lacquer and paint.

Safety and health lie at the heart of Oliver Furniture - after all, we are also parents. Our furniture is designed to meet the strict EU standards and norms and must pass various tests regularly.

Amongst others, we test for evaporation of toxics on painted and lacquered surfaces and from the wood and MDF we use in our production. All our furniture complies with European safety standards and REACH requirements. For more information on health and safety issues, please see oliverfurniture.com

Camp Collection

The Camp Collection embodies a seamless blend of innovation and tradition, using well-known, high-quality materials. Featuring a minimalist design, it combines the simplicity of Japanese details with our deeply rooted Nordic heritage. This fusion provides an ideal foundation for incorporating a variety of textiles, enhancing its versatility.

INFINITE ADVENTURES

WITH INTERCHANGEABLE CANOPIES

Crafted from solid oak, organic canvas, and airy cotton, each piece in the Camp Collection has a unique and refined look. The centrepiece, the Canopy bed, is customisable in style and functionality. By simply changing canopies and arranging other Camp furniture around it, the bed can adapt to different themes and aesthetics. When the children have outgrown the Camp canopy bed it can easily be converted into a simple day bed with a low frame on the sides and back made of beautifully shaped oak dowels.

FROM BABY TO 9 YEARS

Wood Mini+ beds

The Mini+ is a curated selection of convertible beds perfect for growing children and expanding families. The sustainable design approach allows adding and subtracting elements to an existing Mini+ bed and extending its lifetime in response to changing needs in the modern family. The Mini+ bed series is available in three versions: oak, white or white/oak.

All Mini+ beds can be purchased individually or converted by purchasing a conversion kit to another bed within the same bed series.

View all conversion kits on our Bed Converter at oliverfurniture.com

MATTRESSES

BY OLIVER FURNITURE

The choice of quality materials assures our mattresses' natural breathability, optimal comfort, and long durability.

The mattress core is made of European HR cold foam, which is very comfortable, breathable, and hypoallergenic, easily recovers its shape after use and has a high carrying capacity. Volume weight 33-38 kg/m³. The cover is made of organic herringbone cotton, quilted with a layer of recycled polyester. The upper part has a waterproof layer of cotton laminated with TPU film (not applicable to mattress extensions). The removable two-piece cover is machine washable (max. 40°).

All our mattresses comply with standards EN 16890, EN 71-2 and BS 7177.

Our play mattresses are made of cold foam with a cotton cover. The removable cover is machine washable.

OUR PHILOSOPHY

CONVERTIBLE BEDS

We value the sustainability of good furniture: in the materials, making and the overall lifespan. An Oliver Furniture piece has all the qualities one would expect from Danish design: classic aesthetics with sleek, elegant lines sturdy construction and is built to pass on to generations to come. It is important to us that our designs are easily adapted to the growth of your children or re-purposed for your family's needs, putting less pressure on the environment and your wallet. We do not cater to trends but to families, and our key principle is that quality and good design will last forever.

Our sustainable design approach makes it possible to add and subtract elements to a piece of existing furniture and extend its lifetime in response to changing needs in the modern family: A few modifications to a bunk bed, and it becomes two single beds and a junior bed easily transforms into a day bed. All beds can be purchased individually or converted by purchasing a conversion kit to another bed within the same bed series.
